Preamble

This Accessibility Statement outlines our commitment to making krisyotam.com accessible to all users, including people with disabilities. We strive to ensure that our website meets or exceeds applicable accessibility standards and provides an inclusive experience for all visitors.

Keywords: Web Accessibility; WCAG; ADA Compliance; Digital Inclusion

1 Our Commitment to Accessibility

At krisyotam.com, we believe that the internet should be accessible to everyone, regardless of ability or method of access. We are committed to ensuring that our website is perceivable, operable, understandable, and robust for all users, including those who rely on assistive technologies.

2 Accessibility Standards

We strive to conform to the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA. These guidelines, developed by the World Wide Web Consortium (W3C), provide a framework for making web content more accessible to people with disabilities including:

- Visual impairments (blindness, low vision, color blindness)
- Hearing impairments
- Mobility limitations
- Cognitive disabilities
- Learning disabilities

3 Accessibility Features

Our website includes the following accessibility features:

- Semantic HTML markup to ensure proper document structure
- Appropriate text alternatives for non-text content

- Keyboard navigation support for all interactive elements
- Sufficient color contrast ratios for text and background colors
- Resizable text without loss of content or functionality
- Clear and consistent navigation mechanisms
- Descriptive link text that indicates the destination
- ARIA landmarks and attributes where appropriate
- Support for screen readers and other assistive technologies

4 Known Limitations

While we strive for complete accessibility, we acknowledge that some content or features may present challenges:

- Some older content may not meet all accessibility guidelines
- Certain third-party embedded content may have accessibility limitations
- Interactive data visualizations may not be fully accessible to screen reader users

We are actively working to address these limitations and improve accessibility across our entire website.

5 Testing and Evaluation

We regularly review our website for accessibility using:

- Automated accessibility testing tools
- Manual testing with assistive technologies
- User feedback and reported issues

6 Continuous Improvement

Web accessibility is an ongoing process, and we are committed to:

- Regularly auditing our website for accessibility barriers
- Training our content creators on accessibility best practices
- Incorporating accessibility into our design and development workflow
- Addressing accessibility issues promptly when identified
